

B. R. Forbes

*Historian & Storyteller Committed to Illuminating Scotland's Rich Past and the People Who Shaped It*

B. R. Forbes—known as Bart—is a historian and storyteller who has spent over a decade researching Clan Forbes history and its worldwide diaspora, drawing on primary documents and rigorous archival research. A member of his family's heritage society since 1987 and its president since 2018, he works directly with the family's historians and chiefs to separate documented fact from oral tradition. His work extends to the broader forces — invention, romanticism, and reinvention — that have shaped Scottish clan identity itself. He lives with his husband in Surfside Beach, Texas.
